

## Working 2 Walk (W2W) 2007 Symposium & Rally: April 22-24, 2007

### Exhibitor Prospectus for April 22 Science & Advocacy Symposium

The Working 2 Walk Science and Advocacy Symposium is a full day event geared towards the advancement of a cure for Spinal Cord Injury and other neuromuscular conditions. The symposium is a valuable venue for the latest information on SCI treatments and education on effective cure advocacy. The 2006 W2W event in Washington, DC hosted over 200 highly motivated, active registrants, many of them spinal cord injured, their families, friends, and other supporters.

The exciting theme for the 2007 W2W Science & Advocacy Symposium:

#### ***SCI Research and Clinical Trials: the latest updates and what is needed to effectively advance promising cures and treatments***

Presentations will cover many of the latest updates in paralysis regenerative and rehabilitation medicine and an overview of the North American Clinical Trial Network (NACTN).

#### **Audience:**

- People with physical disabilities; primarily spinal cord injury
- Families
- Friends
- Caregivers
- Research Scientists
- Occupational Therapists
- Physical Therapists

#### **Exhibit/Sponsor Table Hours:**

- The Symposium runs from 8:30 AM to 5:00 PM, **Sunday, April 22, 2007**.
